

Conservation Roundtable

Blue Spaces Series: All Things Water

With the dire water situation facing our region and Worcester's commitment to blue spaces and water issues, the focus of the Conservation Roundtable and our meetings this year will be ***Blue Spaces Series: All Things Water***. All members and guests are welcome and encouraged to attend to explore these critical issues and local sites.

The Roundtable meets at noon at members' homes; please bring your brown bag lunch, and the hostess will provide beverages. Please let the hostess know you are attending. Here are the dates, hostesses, locations, and topics:

Wednesday, November 9, 2016 –

Drinking Water Update by City of Worcester Water Department with a trip to a nearby Worcester reservoir after the meeting

Tuesday, January 10, 2017 –

Jacquelyn Burmeister, the new Environmental Analyst in Worcester's Water Operation Division, will speak about Worcester's blue spaces and initiatives to improve water quality

Tuesday, March 14, 2017 –

Water Conservation and Drought Resistant Gardening with a trip to a nearby blue space

Tuesday, May 9, 2017 –

Out and About to Some of Worcester's Blue Spaces including Beaver Brook and Coes Reservoir

Questions? Contact Nancy Jeppson, nancyjeppson@worcesterart.org, 508-793-4325 (w), 774-454-0491 (cell), or Donna Williams, willid50@aol.com, 508-335-8393 (cell)

MEMBERS: Please go to the Members Section and click on "Conservations Roundtable" in the green side bar to find location of the meeting.

A message from GCA to help celebrate the NPS Centennial:

Did you get to explore a National Park recently? If you did, share your visit to any NPS site on the "National Parks Visits" part of the GCA Club Member Showcase. Go to <https://www.gcamerica.org/index.cfm/members:showcases/list/restorefilter/1> to share your experience!
