

**The purposes of the Worcester Garden Club are exclusively as follows:**

- To promote the knowledge and appreciation of gardening, horticulture, flower arranging, and all phases of conservation;
- To educate the community in the art of gardening, in the science of horticulture and in the conservation of all our national and local resources;
- To encourage and develop civic planting throughout Worcester County

**CIVIC PROJECTS APPLICATION GUIDELINES**

1. Timeline: Applications must be received by February 1.  
Applications presented and voted on at March meeting.  
Notification made to applicants within one week of vote.  
Funding available by April 30.
2. Any organization requesting funding and/or volunteer support will provide their 501c3 tax exempt identification number if applicable.
3. Organizations applying for funding may apply for funding for two (2) consecutive years and may re-apply after a one year hiatus.
4. Organizations applying for volunteer support may submit requests without limit. Requests will be presented to the general membership for consideration.
5. Organizations approved for funding agree to provide a written report with photos to the Club within one year from the date of application. In some instances an organization may be invited to personally present a follow-up visit highlighting the successful completion of the project.
